Subject: Delta Effects Section - Garwin/Cathy question

Hi All -

I have been working on 2.5 (and 2.6) Delta Effects section. The Delta Section is drafted as one section that contains both species and critical habitat effects. In my opinion, this might need to be broken out into 2.5 AND 2.6 to be consistent with other Divisions. **Garwin and/or Cathy** may want to take a look and decide how to proceed.

I have compiled sections drafted by Jeff, Joe, and Brittany and they are included in the following file:

R:\Draft BiOp\2_ESA\2.5-2.6 Effects of the Action\Delta Division\2.5 and 2.6 Delta V2 srb.docx
