Hi Mandy,

Here are the photos of the Orca.
It was 5 meters long.

Hi (b)(3)(B)

Got them, thanks again for collecting the skin and photos. Best of luck with the rest of your season.

Be safe,
Mandy

Hi Suzie

The skin sample was dropped off in Dutch with NOAA and Krista will get it into DMSO and sent off to us later. Below are the photos, I asked for the saddle and eye patches, but looking at the photos I realize I should have given better instructions and not assume we both were talking about the same body area. He also collected the length and it looks like a male.

Best-
Mandy
