Hi Nancy -
Attached are three images of an orca take aboard the (b) (3) (B), a vessel carrying EM rather than an observer.

1. Vessel's name and permit#/ADF&G#.
   1. (b) (3) (B)
2. Target fishery, gear type
   1. Pollock, Mid-water trawl
3. identification of mammal
   1. Orca
4. Identifying characteristics leading to identification
   1. See Photo
5. Date, time and approximate position/location of take
   1. 9/22/21, (b) (3) (B)
6. Incident description (caught in trawl net, tangled in line, vessel strike, etc.)
   1. Caught in trawl net
7. Length(s), sex (NA if not known.)
   1. N/A
8. Specimens collected; Video or picture Y/N on each.
   1. Still images
9. Condition of mammal
   1. Dead, no visible injuries. See photos.
10. Any sighting prior to take
    1. N/A
11. Who to contact if there are more questions.
    1. Courtney Paiva – Cpaiva@psmfc.org
