Subject: 45th Space Wing INRMP for green turtle

Hi Angy,

My name is Jenny Schultz, and I am working on the green turtle critical habitat designation for NMFS. Ann Marie Lauritsen gave me your contact information. I will be reviewing the Cape Canaveral/Patrick AFB INRMP for exemption.

For my review, I will need a signed copy of the final INRMP. If it is too large to email, would you be able to send the signature page for my records? Also, I have a track changes "final draft" version off the Sea Turtle Management Plan...would you send me the final version? One last question: I noticed that there are some projects subject to funding availability (Trident Submarine Basin juvenile green sea turtle monitoring and nest surveys). Would you let me know if those projects have been funded and implemented in recent years (2 - 5 years)?

Thank you!

Jenny
