Good afternoon Dr. Jacobs,

I am writing to you to express my disappointment in you and your organization, an organization that the American people looked to and relied on. Your choice to disavow the Weather Service's tweet that refuted Trump is a serious blow to your credibility and reputation- a complete embarrassment. Your actions make you who you are, and if you can lie about things like this that can affect millions of people simply to blindly defend an incompetent person- it says a lot about you. This political stunt will have lasting impact.
