Subject: RE: updates to weekly / Coast Guard briefing close hold for now

Thank you Kurt. Both important updates to include.

For awareness for both of you – Neil and I will be at the National Response Coordination Center starting Friday morning expected to stay through landfall early next week. We will be there to provide information to our partners, including USCG, as needed on the forecast of the storm and NOAA response efforts.

Kindest regards,
Julie Kay Roberts, CEM
Deputy Chief of Staff
National Oceanic and Atmospheric Administration

Thanks, Julie. Got it, I will wait until after 3:00 to make the suggestion to RDML Gallaudet, and I won't include the VP brief in the email but will include it in the verbal update I present to Coast Guard tomorrow at 8:00. Thanks very much.

V/R,

Kurt

Yes, please wait until after 3pm today to send the update to Admiral for Coast Guard topic. Will you brief the Coast Guard tomorrow? If yes, could you verbally add the VP visit to the brief and not include email? Those visits are normally off the record so I don't want to make people aware. The POTUS briefing will be over by then so not the same sensitivity.

Joe – could you add both of them to the Secretary’s report when you have it in final version so that it is not floating around?

Thanks for the intel, Julie, and understood re: close hold. OK if I tee these up as potential topics with RDML Gallaudet for the Coast Guard brief tomorrow morn, or do you want me to wait until later this afternoon to make the suggestion?

V/R,

Kurt

Dr. Neil Jacobs, along with FEMA Acting Administrator Pete Gaynor, will brief the President this afternoon in the Oval Office on Hurricane Dorian forecast.

Dr. Neil Jacobs, along with FEMA Acting Administrator Pete Gaynor, will brief the Vice President on Friday morning at the National Response Coordination Center on Hurricane Dorian forecast.

The first one in particular is close hold until after 2:30pm today. Feel free to edit as needed.
