**Subject:** Fwd: Draft Report: Using STARS for ROC on LTO

Hi Eric and Miles,

Would one of you be able to quickly review this report? It doesn't have to be a detailed review; just needs to satisfy the center's requirements. Russ and Adam have done a very good job, and it is also going through USGS review. It can also be an expedited review: just needs to go to Steve for final comments.

Regards,  
Vamsi
