

Forecast of Upcoming Activities As Of August 07, 2023

AAP#	Domain	Requirement Title	Requirement Description	Anticipated Award Quarter	New Requirement (Y/N)	SAP Requirement (Y/N)	Current Contractor (if applicable)	Current Contractor Size (if applicable)	Current Contract Number (if applicable)	Current Contract End Date (if applicable)	Link To Draft PWS/SOW (If Available) Drafts Provided for Planning Purposes Only (RFQ/Fair Opportunity Notification may differ)
00262	Satellite	OSC Professional and Administrative Support Services	The contractor shall provide all necessary qualified personnel, products, and services to provide professional and administrative support services to include, but not limited to, property/assessment management, administrative support, program management, engineering services, mission operations technical support and website support to the OSC as described the Performance Work Statement (PWS).	4th Quarter FY 2023	Yes	No	None			N/A	
00256	Satellite	OSAAP- TPIO Requirements and Observations	The Policies, Procedures and Systems Assurance (PPSAD) division, part of the Office of Systems Architecture and Advanced Planning (OSAAP) manages, houses, and tracks observing system capabilities and observing user requirements for all of NOAA. PPSAD has a requirement for services to collect and manage NOAA's observing requirements, observing system inventory, system capabilities, user impacts of observations and observing systems; user needs and user engagement inputs; and systems life cycle cost information	2nd Quarter FY 2024	No	No	Integrated Systems Solutions, Inc.	SDVOSB	ST133017CQ0055	6/20/2023	
30463	Satellite	STAR Atmospheric Science and Technology Applications.	The Atmospheric Science and Technology Applications recomplete acquisition ("Atmosphere"/ASTA) will continue scientific and technical research and development support for NOAA's satellite-based atmospheric and land surface-related mission goals and activities; monitor and understand Earth's atmosphere using satellite observations; and prepare for future satellite observations of atmospheric and land surface variables.	2nd Quarter FY 2024	No	No	I.M. Systems Group Inc. (IMSG)	Small Business	T0002	5/31/2023	
68752	Satellite	NCEI Science Support	NCEI's Climate Science and Services Division (CSSD) and Oceanographic and Geophysical Science and Services Division (OGSSD) require scientific data stewardship, product development, and user engagement services. The anticipated contract will provide support services for scientific data stewardship, product development, and user engagement services in support of NCEI's science enterprise.	2nd Quarter FY 2024	No	No	Riverside Technology, Inc.	Small Business	1332KP19FNEEN0003		
00257	Satellite	NESDIS Visualization Services (Vizlab)	VizLab services provides an important role in providing visualizations of atmospheric, space weather, and oceanic events from satellite and data to meet NOAA and external requests for these images. NESDIS has a requirement obtain scientific data analysis and visualization of physical processes, data management, archival, programming; and include engineering, technology, research and development, and education and public outreach.	3rd Quarter FY 2024	No	No	I.M. Systems Group Inc. (IMSG)	Small Business	1332KP19FNEEA0038		
00258	Satellite	NCEI Science and Engagement Support Services	National Center for Environmental Information (NCEI) seeks expertise in scientific data stewardship, product development, and user engagement services in support of NCEI's science enterprise necessary to meet the legal mandates of the Inflation Reduction Act (IRA) and the Bipartisan Infrastructure Law (BIL) as they apply to NCEI. The anticipated contract will specifically support the work of the Climate Science and Services Division (CSSD).	3rd Quarter FY 2024	Yes	No	None			N/A	
00259	Satellite	OSAAP- TPIO Leadership & Communication	The Resource Management Division (RMD) is part of the Office of Systems Architecture and Advanced Planning (OSAAP). RMD has formed the Strategic Outreach and Engagement team (SOE) to implement OSAAP's Communication and Outreach strategies to facilitate strategic messaging within NESDIS, NOAA and the Public. SOE required general support to OSAAP's front office, chief of staff and leadership team to collect and manage internal and external information and maintain cross-Program communications.	3rd Quarter FY 2024	No	No	Integrated Systems Solutions, Inc.	SDVOSB	T0008	6/20/2023	
00260	Satellite	OSAAP- TPIO User Engagement	The Policies, Procedures and Systems Assurance (PPSAD) User Engagement Team (UE) in coordination with the Technology, Planning and Integration for Observation (TPIO) team, manages, maintains, and tracks observing system capabilities and user requirements NOAA-wide. TPIO requires contract support to ensure the tracking observing system capabilities and numerous action items are accurately tracked and the flow of information continues uninterrupted.	3rd Quarter FY 2024	No	No
