

Priorities and Goals Discussion with OPC Staff

December 13th, 2023

Deerin Babb-Brott and Danielle Farelli, Office of Science and Technology Policy

Amanda Carter, Council on Environmental Quality

Request to ORAP

- **Emerging industries in the ocean economy** – the Ocean Policy Committee respectfully requests that the ORAP advise on areas of opportunity for partnership (such as through the National Oceanic Partnership Program) on the topic of emerging technology (which could include Artificial Intelligence/Machine Learning, eDNA, and similar technology) with ocean industry and other sectors over the next 5-10 years.

Discussion

Thank you!
