Table Descriptions

There are three tables as described below:

1. Active Requests for Task Order Proposal (RFTOP): This table identifies all active task order proposal requests as of the date of report submission.
2. Forecast of Upcoming Activities: This table identifies near term RFTOPs and represents a mature requirement where most, if not all, acquisition strategy details have been determined.
3. Awarded Task Orders: This table identifies all actions awarded under ProTech.

The below descriptions are used in the tables provided. A list of the relevant tables using each list is located next to the descriptions.

Table Descriptions

There are three tables as described below:

1. Active Requests for Task Order Proposal (RFTOP): This table identifies all active task order proposal requests as of the date of report submission.
2. Forecast of Upcoming Activities: This table identifies near term RFTOPs and represents a mature requirement where most, if not all, acquisition strategy details have been determined.
3. Awarded Task Orders: This table identifies all actions awarded under ProTech.

The below descriptions are used in the tables provided. A list of the relevant tables using each list is located next to the descriptions.

00276	Satellite	NWS Satellite Readiness Support Services	Provide technical support to the NOAA National Weather Service (NWS) Office of Observations, the primary office responsible for the collection of observational data gathered and/or leveraged by NWS. As described herein, the NWS Office of Observations requires a range of support related to the access, processing and exploitation of environmental satellite data within NWS. This support spans the domains of data and system requirements, systems engineering and analysis, software development and implementation related to satellite-product processing and visualization, user engagement, strategy and planning, project coordination, communications and subject matter expertise in the domain of remotely-sensed environmental satellite products.	3rd Quarter FY 2024	No	No	Global Science & Technology, Inc.
