00274	Fisheries	GARFO Fisheries Data Support	Collection and processing of fishery-dependent and fishery-independent data relative to the commercial fisheries of the Greater Atlantic region (as managed throughout the management range for each species from Maine to Florida). Two criteria which are critical to this information pathway are the timeliness and accuracy of the processed data.	1st Quarter FY 2025	No	No	Technical and Engineering Support Alliance (TESA)	WOSB	1305M220FNFFM0277	10/18/2024	
00269	Fisheries	NMFS OLE Support	Provide a wide range of expertise to include Crime Trade Analysis Support, Law Enforcement Training Support, International Law Enforcement Analysis, Budget and Administrative Support. Location of support needed includes Silver Spring, MD, Seattle, WA and St. Petersburg, FL, however additional support may be required at other OLE locations needed.	3rd Quarter FY 2025	No	No	International Business Sales & Services (IBSS) Corporation	WOSB	1305M220FNFFK0193	6/30/2025	
00270	Fisheries	NEFSC EAD/HEB Technical Support	This requirement includes several tasks such as: conducting research that evaluates the common environmental stressors associated with climate change, and assesses the additive or multiplicative effects of these co-stressors especially in an experimental laboratory context; assists in the planning of and preparations for lab-based aquaculture studies; assists in the planning of and preparations for lab-based behavior studies with living marine resources; assists in the planning of and preparations for ecotoxicological laboratory studies with fitness-related biological endpoints; assist in the planning of and preparations for eDNA laboratory studies; assist in the planning of and preparations for ecophysiological laboratory studies; design and maintain the Howard Lab website in conjunction with the Research Communications branch.	4th Quarter FY 2025	No	No	Lynker Corporation, LLC	HUBZone	1305M220FNFFM0214	8/2/2025	
00271	Fisheries	NEFSC PEMAD Technical Support	The Population and Ecosystems Monitoring and Analysis Division (PEMAD) collects samples and data from fishery resources and the environment. These collections create data streams used throughout the NEC, and by external users, to assess the status and trends of fishery resources and the dynamics of the ecological processes that control resource productivity. This order will support surveys with biological technician support and seagoing technician support; electrical engineering support for preparation and maintenance of the Center's HabCam v4 system; equipment/gear specialist support for the net loft; survey analyst; software development; database development; fish biologist; active acoustic data; active acoustic data analysis support; offshore wind energy consultation; population biology branch program support; ;bio tech and biologist support.	4th Quarter FY 2025	No	No	International Business Sales & Services (IBSS) Corporation	WOSB	1305M220FNFFM0181	8/2/2025	
00272	Fisheries	NEFSC OMI Support	Operations, Management, and Information Division (OMI) serves as the focal point for the Northeast Fisheries Science Center's budget and finance functions, labor relations, strategic planning, grants and acquisition, environmental compliance and safety, personal property. OMI is responsible for the Center and Region public affairs, constituent affairs, media relations, technical editing and publishing, research libraries, and library services. Oversight of the Woods Hole Science Aquarium, a research and public display aquarium, also lies within this Division. The Research Vessel Gloria Michelle is also managed under this Division. Specific tasks in this order include technical editing; library support; communications support; science writing and media relations.	4th Quarter FY 2025	No	No	International Business Sales & Services (IBSS) Corporation	WOSB	1305M220FNFFM0207	8/2/2025
