

Patrick James O'Malley Miller
Curriculum vitae

Professor of Biology
Sea Mammal Research Unit, Gatty Marine Laboratory
School of Biology, University of St. Andrews
Saint Andrews, Fife KY16 8LB Scotland
+44 (0) 1334 462658 pm29@st-andrews.ac.uk

Research Interests: My research focuses on ecology and behaviour of marine mammals, and the advancement of methodological techniques including ocean and tagging instrumentation. Specific research interests include: acoustic communication and social behaviour, diving physiology and ecology, foraging behaviour, the role of diving predators in the marine ecosystem, and effects of anthropogenic noise.

Languages: English, Italian, Japanese

Education:

- PhD in Biological Oceanography, Joint degree from the Woods Hole Oceanographic Institution, Woods Hole, MA and the Massachusetts Institute of Technology, Cambridge, MA. September 2000. Thesis: "Maintaining contact: design and use of acoustic signals in killer whales, *Orcinus orca*". Advisor: Peter L. Tyack
- Bachelor of Science in Zoology, University of Washington, Seattle; with distinction, 1994
- Bachelor of Science in Foreign Service, Georgetown University, Washington, DC; Japanese/Asian Studies Certificate. Study Abroad: Sophia University, Tokyo, 1988.

Work Experience:

- School of Biology, Sea Mammal Research Unit, University of St. Andrews, April 2006 - present. Senior Research Fellow and Lecturer (appointed June 2007) promoted to Reader (August, 2013) and Professor (2016) studying: acoustic communication, marine ecology sensory ecology, diving and foraging in marine mammals, buoyancy and body condition, effects of anthropogenic disturbance.
- Atmosphere and Ocean Research Institute, University of Tokyo, Tokyo, Japan, June–Sept 2006; Oct-Nov 2011; Sept-Dec 2015; Oct 2021-May 2022. Visiting Professor. Behavioural ecology of marine top predators using the bio-logging method.
- Sea Mammal Research Unit, University of St. Andrews, October 2002 – April 2006. Royal Society USA/Canada Research Fellow studying the influence of underwater sound on the ecology of deep-diving mammals.
- Sea Mammal Research Unit, University of St. Andrews, October 2004 – October 2005. Head of instrumentation group with 6 engineering staff developing and commercializing world-class instruments for the study of marine mammal behaviour.
- Woods Hole Oceanographic Institution, Postdoctoral Investigator (2000-3) & Guest Investigator (2003-present). Studying diving and communication of sperm whales, effects of anthropogenic noise on whale behavior using a digital acoustic tag.
- Massachusetts Institute of Technology, 2001-2002. Postdoctoral Associate. Used human-speech processing algorithms to develop and analyse corpus of killer whale sounds recorded with a beamforming hydrophone array.

- Chuo Trust & Banking, New York Branch. 1989-1991. Assistant VP, loan officer.

Fieldwork Experience:

- Miller has substantial field experience conducting complex field methodologies with cetaceans, including: tagging using pole and aerial launching systems, biopsy sample collection, playback of natural and anthropogenic sounds, photo-identification, photogrammetry, towed and fixed passive acoustics, and active acoustic scanning of marine mammals. Miller has been permit holder on several Canadian, Icelandic and Norwegian permits, and a listed operator on several US and Norwegian permits.

Fellowships and Awards:

- Kobe Prize for advances in Marine Biology, 2013. Awarded in recognition of fundamental advances in our understanding of the sperm whale.
- Royal Society International (USA) Fellow, October 2002 – April 2006. Research fellowship to study the ecological influence of sound on deep-diving mammals at the Sea Mammal Research Unit, University of Saint Andrews, Scotland.
- Ruth and Paul Eye Award for Excellence, 2001, for best student paper in Biological Oceanography from 1994-2000 for Miller & Tyack, 1998, Deep-Sea Research II.
- National Science Foundation Graduate Fellow, 1994-1997.

Peer Review Publications (co-authors under my lab supervision listed in *italics*):
