Michael-

Please see attached. This works off the version that had Nick's comments in tracked changes, so it is missing comments from Ben and perhaps others. Again, (b)(5)

Changes are not tracked. Send any final comments to the group in tracked changes ASAP. Flight takes off around 4:50 PM CST.

Thanks everyone.

Happy to incorporate comments. Thus far just have Ben's, and then will incorporate Dr. Jacobs, and (b)(5)

Also, per your email below, does this need to be run by DOC? Regardless, as it is already getting on to 4:00, do we still plan on trying to get it out today or first thing tomorrow morning? If the former, I will need to ask the IT folks to stay on late as I believe they typically leave around 4.
