Subject: Dave's telework log - Friday, Sept. 6

- Updated the daily brief and SITREP reports for HSPO, also participated in the senior leadership briefing call
- Provided Twitter and Facebook comment summary covering the last 18 hours
- Finalized the Aug US climate stats webstory, published, and issued tweets on @NOAA and @NOAAComms
- Searched for homepage images to replace storm-related pic currently on noaa.gov, will likely swap out over the weekend. Also created an EXT with a redirect to NOS webstory about aerial damage assessment images in anticipation of posting tomorrow or Sunday
- Updated the digital media element for the Sept. 9 quad chart
- Updated NOAA homepage
- Created news story regarding NOAA statement, published and tweeted
- Monitored NOAA FB and Twitter accounts
- Reviewed noaa.gov and social media daily analytics
- Handled inquiries submitted to the NOAA webmaster email account
