Good afternoon,

Is there someone who can help me with this?

Thank you,

Beatrice Dupuy

Good afternoon, Julie,

I'm a reporter on the fact-checking team at the AP. We work to debunk false claims online.

There is a claim circulating online that Trump used an altered NWS forecast map during his press conference today.

I was wondering if someone might be able to tell me if NWS has released any maps like this in relation to Hurricane Dorian. I was also wondering what forecast this map shows/ which day of Dorian's path.

Is this something you can help me with?

Please let me know.

Also, feel free to reach me at 212-621-7045.

Thank you,

Beatrice Dupuy
