How's this?

NWS leadership sent guidance to field staff so they (and the entire agency) could maintain operational focus on Dorian and other severe weather hazards without distraction. The guidance made no reference to the president. -NWS Spokesperson

Additionally, this statement was provided to The Washington Post but it does not appear in their print story

Chris - there is a phrase missing from the statement in your snippet. Here is the full statement:

NWS leadership sent this guidance to field staff so they (and the entire agency) could maintain operational focus on Dorian and other severe weather hazards without distraction. -NWS Spokesperson

NWS leadership guidance to field staff so they (and the entire agency) could maintain operational focus on Dorian and other severe weather hazards without distraction. -NWS
