Stu: Thanks for your note. I heard you at the end of the conference call so assumed what you stated here. I am giving the key note opening address at NWA on Monday in Alabama. Will be a restless weekend. Louis

Louis-

I was hoping to chat with you for a minute but don't have your direct line. I wanted to say that I learned of the statement just before our call with Neil. I had no knowledge of it prior to that or preceding drafts. In my conversation with him, I advised Neil [REDACTED]
[REDACTED] (b)(5) The only person that I know of that was working with Neil on it was Julie, and I expect her to bear the burden of subsequent oversight and communications.

I feel like we are doing such great work together across the board, and hope we can continue to do so.
