Workforce is who I am referring to...have seen over top messages and posts. Reason Steven and I decided to visit office right away is because forecasters do fear retribution for issuing products. Plan to look them in eye and tell them they have nothing to fear and we will defend actions. Thanks

Sure,

There should be no concern on forecast products, as that was really never the issue. We do need to improve thought process on social media.

When you say "there are some that won't be happy with anything we do" do you mean FD's or office personnel?

Best,
Mary

At least let them know. They are already talking with their units and doing what they can. There are some that won't be happy with anything we do. Have told FDs to keep focus on mission. Also had back/forth with Neil and Adm who reached to me personally. My biggest fear is someone will hesitate to issue product for fear of retribution....not good

Ok, I will not stop there Monday - very sorry. Unfortunately nobody has a list of all plans, so we're not aware of your visit.

Will cancel by email and apologize.

Regarding calls - do you want me to send an email to all appropriate RD's that we are calling Dorian offices to say thanks?

Best,
Mary

Steven and I are going straight there when I arrive Mon am. He has panel to do but soon as it's over, we are driving down/back. Thanks. Sorry, just woke and saw messages from Steven on requests going straight to office. Also talked to Ken. People across agency are hurting...not just those directly involved. Some employees have lost their minds I fear. Trying to maintain calm and focus

John,

Generally folks moving too fast. When are you and Steven visiting? That is sufficient - I don't think Louis was aware, so he told me to stop by. Totally agree on talking points - not necessary.

Mary

Already have. Steven and I planned to visit Birmingham and just learned you/Kevin were doing from office. Also asking them for talking points just adds workload. Why is it folks cannot remember to at least keep CoC info'd? FDs are really frustrated and hurting like everyone else...this just adds insult to injury. Glad you recognized the oversight

Team,

Just thought of a key step we missed before calls. We need to loop in SR HQ, ERHQ, NCEP director and Center directors.

We shouldn't catch them by surprise that we are making calls.

Best,
Mary
