Hi Wendy, Matt, and John,

We are reaching out regarding NOAA's recent [Agency-wide directive](#) to staff following [the President's tweet on September 1st](#), and well as the Agency's September 6th [statement on Hurricane Dorian](#). Please provide us with responses to the following questions no later than **COB next Monday September 16th**:

- Which members of NOAA leadership were involved in drafting and issuing the NOAA-wide directive to staff on September 1 in which they were told to "stick with official National Hurricane Center forecasts" and "not provide any opinion"?
 - Was NOAA directed by the Department of Commerce or White House leadership to issue an Agency-wide directive for this purpose. If so, who within DOC or the White House issued this direction?

- Which members of NOAA leadership were involved in drafting and issuing the September 6 public statement from NOAA, disavowing the NWS Birmingham's [tweet](#)?
 - Was NOAA directed by the Department of Commerce or White House leadership to issue a statement for this purpose. If so, who within DOC or the White House issued this direction?

Additionally, we have attached Chairwoman Johnson's letter to President Trump regarding a White House video released last week that showed a placard of a Hurricane Dorian forecast that had been altered to suggest the hurricane was forecasted to impact Alabama. Let us know if you have any questions.

Thanks,
Priyanka
