Tanya:

Have you met Hillary Davidson, yet? She is working on oversight issues for us. I am cc:ing her on this e-mail. She probably can't give you specific information, but can assist in any responses.

Wendy (& Tanya),
Please advise on how you'd like to proceed on this. If it needs to go to the "oversight" office, or NOAA Policy, or elsewhere.
Thanks!
Matt

Hi Wendy, Matt, and John,

We are reaching out regarding NOAA's recent [Agency-wide directive](#) to staff following [the President's tweet on September 1st](#), and well as the Agency's September 6th [statement on Hurricane Dorian](#). Please provide us with responses to the following questions no later than **COB next Monday September 16th**:

- Which members of NOAA leadership were involved in drafting and issuing the NOAA-wide directive to staff on September 1 in which they were told to “stick with official National Hurricane Center forecasts” and “not provide any opinion”?
 - Was NOAA directed by the Department of Commerce or White House leadership to issue an Agency-wide directive for this purpose. If so, who within DOC or the White House issued this direction?
- Which members of NOAA leadership were involved in drafting and issuing the September 6 public statement from NOAA, disavowing the NWS Birmingham's [tweet](#)?
 - Was NOAA directed by the Department of Commerce or White House leadership to issue a statement for this purpose. If so, who within DOC or the White House issued this direction?

Additionally, we have attached Chairwoman Johnson's letter to President Trump regarding a White House video released last week that showed a placard of a Hurricane Dorian forecast that had been altered to suggest the hurricane was forecasted to impact Alabama. Let us know if you have any questions.

Thanks,

Priyanka
