

Operational Overview: Hurricane Dorian

Potential for Response on top of Recovery

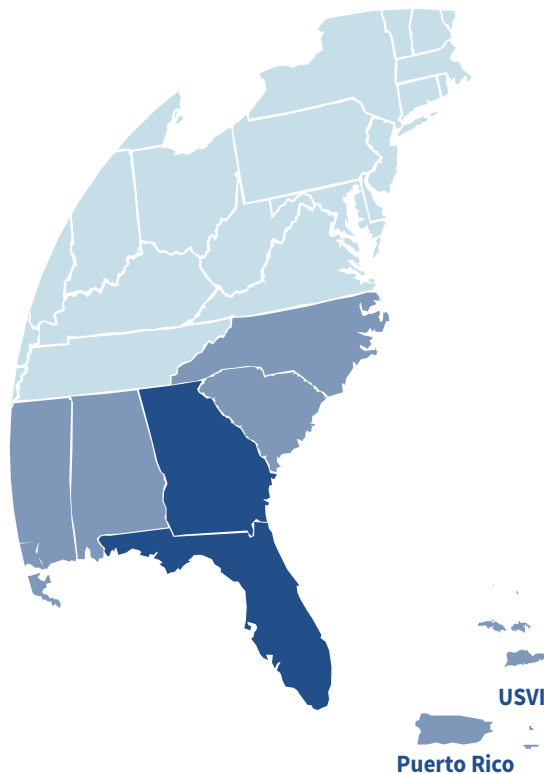

Hurricane Dorian Declarations

Aug. 28: Puerto Rico
Emergency Declaration
Aug. 28: U.S. Virgin Islands
Emergency Declaration
No requests for the Southeast at this time.

Potential for Large Impact

8 of 10 states along the Gulf and Southeast coasts currently have an open major disaster and are still recovering from a prior event.

Ongoing Federal preparations include:

Increasing Public Messaging: Importance of Preparing Now

Pre-staging Commodities and Personnel

Pre-deploying Critical Capabilities

Assessing Critical Lifelines

Ongoing Activation of the National Response Coordination Center

Engaging Pro-actively with the Private Sector
