A couple questions came up today on the VTC with the President regarding the forecast from a couple days ago. If (b)(6) has any questions Dr. Jacobs is available tonight.

It was really nice to meet you and other team members in person. Whatever I can do to help please let me know.

My cell is (b)(6) and my personal cell is (b)(6). Neil’s cell is (b)(6). I will let him know calls could happen. We will both be at the NRCC over the weekend through landfall.
