The latest schedule for tomorrow. I do not believe we have a space at the airport for the executive time before his departure. I will look into the availability of an AA Club, which Dr. Jacobs is a member, and see if that is a viable location. Please let me know if you have any questions. I am adding RADM Mike Silah, who runs the NOAA Corps. He will be accompanying Neil tomorrow during the day. If you have any questions please let me know.

Kindest regards,
Julie Kay Roberts, CEM
Deputy Chief of Staff
National Oceanic and Atmospheric Administration
