The irony is that our model was right all along. The accuracy of the us model should be the story. Not sharpies.

(b)(6)

Do we know actually who wrote on the map w the sharpie? Was it staff?

No clue.

We don't even know what the context was and don't even know if potus knew it was there. He never pointed to the line when he talked.

(b)(6)

The Ap story in playbook is

(b)(5)

(b)(5)

id send link but these travel phones are worthless
