Hi Craig,

You did the courageous thing. I've been closely tracking this hurricane related fiasco since its inception and I'm relieved that someone in the NOAA feed chain is a vertebrate.

All the best,

Al Kalvaitis

p.s. The online Washington Post article has over 2.5K comments at 1515 hours on 9-9.

p.p.s. To refresh your memory I retired from NOAA-Ocean Exploration-NURP 15 years ago after a decades-long career in?? the agency. I was also part of the team that found the Japanese midget sub.
