Subject: Outraged!

Ms. Roberts:

Your decision to cave into Trump's ego and bullying with your revisionist Alabama Dorian forecast is despicable. Moreover, it is shockingly dangerous. You have successfully added to the litany of obscene failures and untruths this administration has foisted upon the American people in favor of the president, thanks to your lack of leadership, principles and ethics. Who is to trust NOAA? Not I. Talk about a fair weather friend!
