Subject: Scientific integrity

If you are not the nail who is the director, my apologies.

Too bad NOAA no longer has any scientific integrity. Your boot licking behavior towards Trump dishonors and embarrasses all of the NWS staff, and has destroyed the trust the public had in weather forecasts. Your action was completely beyond the pale. TRUMP was wrong. Using 4 day old data was not only wrong, it was lazy and stupid. You are to blame, to encouraging his vile untruthful and HARMFUL behavior
Shame on you.
