Dear Mr. Jacobs,

I am writing to request that you consider resigning.

I don't know how I can trust an organization like NOAA, when they side with someone who out and out lies !

Other people, I am sure have shared my same thoughts on your Facebook and Twitter feeds.

Personally, I can see this getting worse, if an apology to NWS Birmingham isn't made.

I hope that you can correct your wrong doing.

I look forward to some official statements, later this week, indicating that you have made amends.

We don't ever need to have politics and science crossing paths.

Ignore politics altogether !

Personally, I trust NWS Birmigham and James Spann rather than someone with a sharpie !
