**Subject:** So you're okay with this?

Mr. Jacobs: Are we, the citizens and taxpayers of this country who pay your salary, to assume that you're the "...top NOAA official who warned against contradicting the president"? The president? The one who lies nearly every time he opens his mouth, the one who's enriching himself and his family's businesses through his presidency: the most corrupt immoral and amoral man to ever occupy the Oval Office? That president?

Shame on you, Mr. Jacobs. Shame on you. I'm a 70 year old woman who has seen a lot of horrible things in my lifetime: African Americans beaten and murdered just because of the color of their skin; our leaders assassinated (the Kennedys, Martin Luther King, Malcom X) and attempted assassinations of others; the horrors of the amoral and unnecessary Vietnam War; the attacks on 9/11; the horrors of the wars in Iraq and Afghanistan (one of course also being unnecessary); mass murders on a regular basis, but what I'm seeing now, this totally corrupt, unprincipled unprepared and unqualified man in the White House, shakes me to my very core. That you would defend him is reprehensible. Shame on you, Mr. Jacobs. History will not treat you kindly.
