Dear Mr. Jacobs,

You and your organization should be ashamed of yourselves!!!! You have denied SCIENCE in backing Trump's obvious lies. How can you call NOAA a scientific organization?
How can the American public ever trust anything that comes out of this office ever again?

You have caved in to political pressure. You have denied truth and science. You have become just another one of Trump's political lackeys.

I am appalled.

Sincerely,

Barbara Lemperly Grant
