**Dear Dr. McLean, Dr. Jacobs,**

**As a US citizen, thank you for your service and keeping the NOAA non-political. This took much courage and as a scientist, we need more people like you who will not tolerate poor decisions, leadership yet stand up for ethics & morality!**

**"Those who can make you believe absurdities can make you commit atrocities. " -- Voltaire**

**Thank you for your service!  
Steven L. Hanft, M.A. & Family**
