Good Evening Administrator Thom and Director Souza,

On behalf of Director Conant, I am transmitting the final biological assessment for the Reinitiation of Consultation on the Coordinated Long-Term Operation of the Central Valley Project and State Water Project. Due to their size, the documents are available for download through Reclamation's secure file transfer system (i.e., BOR-kiteworks) using the links below. We also plan to post the documents to our public website tomorrow.

I am available at your convenience to answer any questions.

Thanks,

Russ
