**Subject:** Sunday night update

Maria/Howard,

Just an update on where things stand for Monday.

I had a call with Chris, Stu and John on Saturday. Things are OK there but I'll need to have daily updates with them as we go through this week.

I had a call with Ernest and Paul. Ernest walked me through their view of each of the items in the list. We discussed a few items but I didn't debate them too much. We'll need to be able to talk through some of them in the Monday meeting. We also agreed to try and sit down with the SRS contractors. Ernest now scheduled that for noon on Monday at our office.

For the 10 am meeting, the agenda should be split between wrapping up the PMs and talking about the list. The main question is are there any must have's that they are saying no or other forum to.

If needed we may have to meet after lunch on Monday and try and wrap things up. I've already told them I'm generally done and moving on after Monday.

Hopefully we'll have a chance to touch base before 10.

Thanks,

Barry
