Subject: ROCON: American River Division Effects

Hi Evan,

I'm making edits to the American River Division Effects Section. I'm trying to track down updated data on **annual water deliveries from the American River** Division. We currently only have 2000-2006. Garwin suggested that you may be able to help me with this?

If not, do you have any recommendations for who I could ask about this.

Thanks,
Brittany
