Cynthia--Here's the comment letter that came in that may be the same that we received through snail mail.

Brittany--Attached is the letter I referenced in one of my comments in the ROC on LTO cumulative effects section. Track changes in a new file in the CVP ROCON drive.

Good afternoon Mr. Thom and Ms. Rea,

The attached comment letter, with several attachments, was emailed out to both of you yesterday afternoon. A "failed to send" email was received. Perhaps it was due to the size of the attachment.

I am just the letter in hopes that will be delivered. We are working on sending an express package to each of you. Please feel free to call.
