Thad - I know you and I were to talk about an agenda for next week. I've been slammed and apologize I haven't reached out until now. Would something like this work?

1. Current status of Biop (NMFS)
2. Current status of VA (SRS)
3. Concept of side agreement to get to take coverage, and Oroville example
4. Preliminary topics/content
5. Capacity/resources needed? Timing?
6. Is there agreement to move forward? If so, next steps

Please edit or revise - - I can throw into a formal agenda and bring with me, or you can take the lead from here if you like.

- Maria
