Subject: Re: Next steps

Sarah, can you please fill in rows at least Rows 11-16 (related to Clear Creek) of the PA/RPA comparison table googlesheet? Googlesheet is in our ROConLTO google drive folder; filename is: 2009 RPA_2018 draft PA_comparison. If you have time to also do the rest of the Sac rows (17-28), that would be great. I'm shooting to get a draft out to Howard and Garwin by 3, so let me know what you can finish by ~2:30 pm to give me time to review.

I've invited you to a Trinity internal meeting at 3. If we don't finish; we can talk again in the morning.

Thanks!

Barb

Barb, let me know if I can help you with putting the table together. I would also like to meet with you to prepare for Trinity tomorrow.

I can put a comparison table together by late afternoon for feedback, and then finish/clean-up/revise per feedback Friday morning.

Am planning to attend the Trinity meeting on Friday; will also plan to tag along for the OMR criteria meeting with Jeff that afternoon.

Garwin and Barb,
Thanks for all of your work preparing for the tiger team meeting yesterday. Looking ahead, we need to do some prep for our small group meetings. This is where I think we need to pull together a side-by-side analysis of what is in the PA and what was in our RPA for the critical items that are likely to be most challenging for us. Can you get that together today? I'm thinking that we need Shasta, OMR, I:E and HORB/Georgiana. I am also thinking that Barb should go with Jeff to the Friday meeting with Reclamation.

Meanwhile I am going to try and get something on Maria's calendar to prep for the Tuesday Shasta session.

Thanks again!
Howard
