

1. Overview of the Shasta/upper Sacramento River models that the SWFSC is developing: general purpose, status, and ETA for completion.
2. SWFSC feedback on Dea's model.
3. Integration of Dea's model and SWFSC models.
4. Discussion of CVO needs from SWFSC and/or models in order to analyze the effects of the proposed action in Reclamation's BA and our BiOp.
5. Discussion of SWFSC needs from CVO in order to complete or implement the models (e.g., data from Reclamation, funding, deployment of the temperature buoy in Shasta Reservoir).
