Subject: Question for Shasta storage management list

Sarah -- Katrina flagged that some new plots are on the way. Just to provide a place to capture this incoming info with other incoming info, please add a question saying something like: "NMFS understands that there may be corrections to Figure 5.6-10, 5.6-11, and 5.6-12 on pages 5-19 and 5-20 of the BA. Can Reclamation provide those updated figures?" You can even pre-populate the resolution as: "Reclamation will provide", since Katrina has already committed to doing so!

Thanks!

Hi Barb -

Those colorful plots that you asked about - that have the inflow, outflow, and May 1 storage on them - at least some of them have the Tier lines in slightly the wrong place. We are fixing them.

Thanks,

Katrina
