Yes. In case Barb has not sent them, here is the draft I sent to her.

The question I had was about PA says 150 cfs from Oct 1- June 1; modeling says 200 cfs. Also not clear with B12.

Let me know if you want me to modify.

Barb--If "yes," did you send the Clear Creek questions to Katrina?

After the Shasta meeting earlier this week, there was a discussion about b(2), and both USFWS and Reclamation acknowledged sensitivity around the issue with a deep litigation history, so agreed to stay away from e-mail at the risk of mischaracterizing it. So, especially since we're an "outside agency" (DOC rather than DOI), we should be sensitive to the subject.
