Subject: Re: TAKE TABLE

I didn't know that filling in the ITS table by the end of today was an expectation, but I guess everything is due.

I added take for the Shasta summer temperature management (tiers) for each species and saved the table as V4. I can think about, and fill-in the other action components tomorrow.

Thanks Brittany, Kristin, and Sarah for filling in the TAKE TABLE for American, Eastside, and CC!

Jeff and Evan: we were hoping for Shasta and Delta to be filled in by the EOD TODAY as well... status on your divisions/sections?

For trib folks: any questions come up? All rows made sense to include? All rows have a surrogate or A/E of take?
