Josh, attached are comments suggested edits. Evidently there is a more substantial AM plan for VSA's which I'm tracking down. Carl

Subject: Initial sections of draft AMIP

Folks,

I continue to rewrite the document, but wanted to share that section on how the intent of the AMIP make the AMF actionable as the AMP for the LTO.

I will be in touch early next week to follow up with drafts and the next opportunity to meet again. I believe we will try to do that outside the tiger team meeting, as they are also working intensively on the proposed action operational sections.

Feel free to give me a call if you have ideas and input for me to consider sooner than later. My cell phone is 916-296-8792.

Have a great Wednesday, Josh
