Subject: Re: ROC LTO - Spring-run tables

Yeah, thanks for the heads up, Jeff. There are currently 2 Delta division effects tables for spring-run in that folder (i.e., R:\Draft BiOp\2_ESA\2.8-2.9 Integration and Synthesis and Conclusion\Spring-run Tables).

Jeff or Kristin, please put the older version in the "old" folder and let Norma know which one to use, although it sounds like you've already done that.

Norma,

Can you update the following file with the correct Delta spring-run table? Thanks!

Spring-run I&S Effects Summary Table 4.17.2019 nh

Thanks for catching that Jeff!

Hi Brian,

A quick heads up. It does not appear that Kristin's effects table for SR was added into the Delta table. I have spoken with Norma, and we are working on fixing that. Her tables are in the share drive at:

R:\Draft BiOp\2_ESA\2.8-2.9 Integration and Synthesis and Conclusion\Spring-run Tables\Delta I&S tables from KB for species SR nh 4.9.2019
should you need them.

Jeff

Hi Norma,

Please combine the attached spring-run tables into one table in a standalone MS word document? The top to bottom order should be Shasta, Trinity, Delta, Stanislaus, San Joaquin.

Division Leads,

Please make sure any revisions you already made, but are not reflected in the attached versions, or plan to make later on get incorporated into the combined table which will be in the I&S draft. Let me know if you have revisions to make.

(fyi, all the tables are saved here: R:\Draft BiOp\2_ESA\2.8-2.9 Integration and Synthesis and Conclusion\Spring-run Tables)

Thanks,
Brian
