Subject: Re: ROC on LTO deconstructed action

Hi Rosalie,

Can you not edit the google doc? Try this link? https://docs.google.com/document/d/1-p_7o9Q62fv7eDOV9v1i663x9Ed7XfHDC7Ntb2LoJDE/edit?usp=sharing

Attached are the ppt slides where I sketched out the proposed action. there are some compatibility issues with google slides so the Microsoft version is what you should look at.

Thanks,
Evan

Hi Barb and Evan,
May I request access to edit the draft document?
Thanks
Rosalie

Greetings, ROConLTO advisors -- Forwarding Evan's e-mail to the Division drafting teams FYI. If you have prelim feedback for Evan, please let him know this week, though you'll get your shot to review after he completes this section.

We've been scrambling on the sufficiency review and are working this week on BiOp outline/Analytical Approach/I&S and schedule clean-up. Will talk with Howard, Garwin, and Cathy and follow-up with each of you about plugging into the review process now that we're diving into BiOp drafting.

Barb

Hi All,

I'm sending this to everyone but it's mostly for the division leads.

Anyway, I've read through the PA and have tried to diagram/deconstruct the action in a way that made (some) sense to me. Please take a look at the attached figures and see if the way I've laid out your division makes sense to you. Also the first slide of the ppt is a diagram of how Reclamation broke-out components of the PA according to table 4-6 of the BA. The subsequent slides diagram the different divisions.

Any feedback would be a big help but rather than comment or change the ppt slides, please add comments or suggestions to the linked Google Doc:

https://docs.google.com/document/d/1-p_7o9Q62fv7eDOV9v1i663x9Ed7XfHDC7Ntb2LoJDE/edit?usp=sharing

Thanks,

Evan
