**Subject:** Re: For review: ROC LTO Section 2.4 Environmental Baseline

Hi,

I offer comments on Garwin's version of the environmental baseline. I had not reviewed the status and baseline sections for CWF opinion so seeing this for first time. I will likely not review the status section for ROConLTO - please apply my relevant comments on the baseline section to the status section.

I would like to see the revised draft specifically for the discussions of recovery for CV salmonid species.

Thanks,  
Rosalie
