Rosalie and Maria (Chris cleared the first draft, but you're welcome to review),

Attached is the revised draft of the Analytical Approach section that has comments incorporated/addressed. Please review, with any comments back by COB Friday, 5/3, if possible.

Thanks.

I've done another revision to the subject document, which is now V7. It is ready for references to be inserted. Could the two of you work together to identify who can do that (esp over Thurs and Fri while I am not needing it)?

S:\Draft BiOp\2_ESA\2.1 Analytical Approach\2-1_Analytical_Approach_V7.docx

Garwin, this needs a final look for clearance by Rosalie (and maybe Maria). I am fine with it going without references inserted (I am hoping her comments will be minimal), but I will leave it up to you to decide how to distribute these sections.

Enjoy! And thanks!

Cathy
