Well, Howard misled me... That was a pretty dense 77 pages! I offer my comments on the Upper Sac effects v10 for consideration.

Thanks,
Rosalie

Rosalie,

We're trying to keep any version control issues manageable, so only sending the attached to you (Maria has a hard copy of an earlier version that does not include my track changes). We think it's in decent shape (despite the track changes) for your read and valuable input.

Thanks!
