Subject: Re: ROC on LTO: WR I&S section

Thanks Garwin. Rosalie is reviewing it, so there likely will be a couple versions to merge or at least crosswalk, but that's the way this sucker is going to go.

Rosalie,

If you haven't already making 2nd round comments/edits, please use the attached version here.

Thanks, Brian

I completed my review of the subject doc and saved it i the ROCON drive at S:\Draft BiOp\2_ESA\2.8-2.9 Integration and Synthesis and Conclusion\2.8 Integration and Synthesis ELLROTT WR V2.rd bje-GY

Hopefully that doesn't result in version control issues.
