Subject: Re: ROC Daily update and CLC predation follow-up meetings

I don't think a meeting with all participants is warranted. I can give Chris a call or email if I have any further questions. However still awaiting the additional weed control info from DWR - I'll shoot Tanya an email and see what the status is.

Jeff -- Is another follow-up meeting anticipated to talk about CLC Predation, or are we done?

Cathy -- The TBD CLC Predation focus group meeting shows up in ther upcoming meetings list on the daily updates. Chris Wilkinson did set that up (we had a meeting last week and short follow-up on Monday) and unless you hear otherwise from Jeff, you can remove that placeholder from the "upcoming meetings" section of the daily update.
