Subject: Action Item for ROC Division leads: Noting changes to the track-changes April BA

Division leads -- please review your sections in the track-changes BA and note in the agenda item in the scratchpad agenda for Thursday's ROC check-in meeting anything that (a) is a surprise, (b) may require a change in the effects analysis, or (c) merits group discussion awareness for any other reason.

I started to add in things from any Division as I looked through it, but stopped to defer to the section leads -- so American and Delta leads; feel free to delete any of the noted items if don't fit (a) through (c) above....
